Dear Sir:

Notices of Allowance and Allowability were issued in this application on February 10, 2003. While an Information Disclosure Statement was submitted upon the original filing of this application on November 5, 2001, Applicants have not received an Examiner-initialed copy of the Form PTO-1449 included with the Statement. Accordingly, Applicants request that an Examiner-initialed copy of the Form PTO-1449 from the Information Disclosure Statement be provided. For the Examiner's convenience, attached are copies of the Information Disclosure Statement and Form PTO-1449 as filed, together with a copy of the Utility Patent Application Transmittal submitted therewith, specifying inclusion of the Information Disclosure Statement.

Applicants also submit the following comments to clarify the attachments to the Notice of Allowability.

Match and Return

Page 1 of the Notice of Allowability correctly indicates that the allowed claims are 76-86. On the other hand, page 2, under the section entitled Allowable Subject Matter, indicates that claims 76-85 are allowed. As the Examiner goes on to indicate the basis for allowing claims 76 and 86, it is clear that the Allowable Subject Matter section should indicate that claims 76-86 are allowed.

The Notice of Allowability incorporates an Interview Summary which includes a description of the substance of the interview. The Examiner states that claims 57-73 and 75 are related to a non-selected invention. Applicants wish to clarify that claims 71-73 and 75 were directed to a non-elected invention.

Please charge any fee required in connection with this communication to Deposit Account No. 04-1133.
